

Pool too cold to swim?
TURN UP THE EVOHEAT

SOLACE

DOMESTIC INDOOR POOL ROOM DEHUMIDIFIER

SOLACE

REMOVES UP TO 104 LITRES OF MOISTURE
FROM AN INDOOR POOL ROOM A DAY

If your pool is located indoors it could be costing you far more to operate than you think! Solace removes up to 104 litres of moisture from an indoor pool room a day.

Indoor pools without correct ventilation or dehumidification can lead to many issues such as:

- Corrosion damage to building components and fittings
- Lower comfort levels due to high humidity
- Poor Health due to high chemical concentration in the air
- Mold and musty odors
- High operating costs due to supplying fresh cold air into the building to combat the above problems

The Solace series dehumidifier is designed to remove the moisture from the air in the room without losing the warmth contained within. The warm moist air is drawn through the base of the unit and passes over a cold coil to remove the moisture and chemicals. The air then passes through a hot coil which replaces and increases the heat in the air. The result – warmer drier air.

The Solace series dehumidifier by Evo is designed to be simple to install, operate and maintain.

Simply mount the Solace unit onto a wall in the pool room, plug the unit into an available power point and direct the drain water back into the pool. Set your desired humidity level and leave the Solace to do the rest – its that easy!

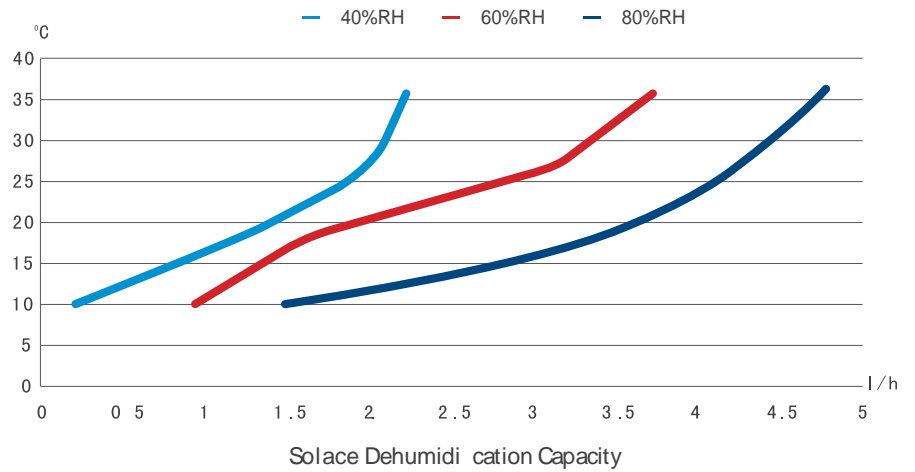

Depending on the size of the room and intended usage more than 1 Solace unit may be required. Simply install in the same fashion as the first unit.

The Solace is whisper quiet and extremely compact – you wont even know its there.

Solace will maintain indoor pool room comfort levels in rooms up to 300 m³*

MODEL	UNIT	Solace
Rated Capacity at 80%RH - 32°C air	L/h	4.3
Air Volume	m³/h	750
Noise Level dB(A)	dB(A)	47
Rated Voltage/Freq	/	220-240V~/50Hz
Rated Power Input	kW	1.55
Rated Running Current	A	6.7
Max Power Input	kW	2.1
Max Running Current	A	9.1
Relative Humidity	%RH	40-100
Temperature	deg C°	10-36
Shipping Dimensions (L/W/H)	mm	1545x240x820 mm
Net Weight	kg	80
Refrigerant/VolumeOperation	/	R410A/1050g
Pressure (High Side)	MPa	4.4
Pressure (Low Side)	Mpa	2.1
Condensation Pipe Diameter	mm	16

THE SPECIALISTS IN POOL AND SPA HEATING

EvoHeat are 100% Australian owned and operated company and are the industry specialists in pool and spa heat pumps. For over a decade we've been building a solid reputation for pool and spa heating products that are renowned for reducing your energy bills and delivering reliability. Our exclusive pool heaters are durable and utilise cutting edge components sourced from leading brand manufacturers around the world. Unlike other suppliers, EvoHeat only specialise in heat pump technology and are constantly developing and improving our heating applications to ensure we offer you the best in the market.

SOLACE WARRANTY

For further peace of mind the EvoHeat Solace comes with an industry leading warranty:

- 2 years on parts
- 1 year on labour
